

DENTURE GUARANTEE

Dr. Santelli has been fabricating gorgeous and well fitting dentures for over 37 years. He will custom make your dentures and discuss with you the size, color and shape of the denture teeth prior to the denture being completed. It takes a little longer to complete a denture doing it this way but our feelings are that your SMILE and being able to chew your food comfortably are very important.

Our guarantee, if you decide to begin treatment immediately, is that if for any reason you feel the dentures could have been made better, Dr. Santelli will remake your dentures at no cost to you and you will then have two sets of dentures for the price of one. **There is NO money back guarantee because there should not have to be one.** Your teeth will be custom made for you alone. No two individuals are the same and therefore no two dentures should be the same.

If you are in agreement with the above statements please print and sign your name below and we will be more than happy to begin your treatment as soon as it is feasible for you and this office. Thank you.
